## New York Foundation for Senior Citizens (NYFSC)

Established in 1968, New York Foundation for Senior Citizens is the only non-profit, non-sectarian organization serving New York's seniors in all five boroughs. The Foundation's mission is dedicated to helping New York City's older adults enjoy healthier, safer, productive and dignified lives in their own homes and communities and avoid the need for premature institutionalization.

Always eager to undertake innovative programs that benefit the senior population, NYFSC provides a wide range of services with the support of Federal, State, City and private funding. The many NYFSC social service programs and buildings that have been serving New York City's elderly for more than three decades include: Home Sharing, Respite Care, Home Care, Subsidized, Enriched and Homeless Housing, Project C.A.R.T. Transportation, Case Management, Home Repairs, Home Safety Audits, Senior Citizen Centers, Community Guardian and NY Connects.

And, with rapid expansion of the population over 60 years old, New York Foundation for Senior Citizens continues to find new solutions that work.

## Services provided by the Home Sharing Program:

Free of charge and the only service of its kind in New York City, New York Foundation for Senior Citizens' Home Sharing Program is a matching service that pairs "hosts" who have extra private spaces in their houses or apartments to share with responsible, compatible "guests" seeking suitable housing.

Adults age 18 or older are eligible, but at least one of the participants must be age 60 or older. The program seeks to match persons for whom shared living arrangements would enhance their financial and/or social well-being, to promote companionship and to relieve feelings of isolation.

### Professional social work staff provide:

- Comprehensive, confidential intake screening and matching services
- Assistance with negotiating home sharing arrangements
- Referral to appropriate program-related government entitlements and social service programs
